**2011 Spring League
Regular Season Standings
Final Reg Season Standings - Through June 16**

NOTE: Most of the playoff schedule is posted. All of the 8 on 8 and the A,D, & Coed divisions in 5 on 5 are done and posted. There are some games during the week this week (Tue, Wed, Thur nights) that will determine seeds for the 5 on 5 B & C divisions so we will need to wait for results from Tues, Wed, or Thur nights but I'll do whatever I can to get as many playoff games posted each night as possible. Please understand that you're team needs to be a little flexible for these two weeks of playoffs. It's already impossible to adhere to 95+ team's requests each week, but for the playoffs, seeding needs to be considered as well. Thanks for your patience. The 5 on 5 B division seeds can be determined after the games on Tues night and I will post that divisions playoff schedule that night. I will start to schedule the C division games as well on Tues night, but some of the seeds can't be determined until after the games on Wed night & others can't be set until after Thurs night games.

NOTE: Please check the standings to make sure it is listed correctly. If there is a discrepancy please look at past results to see which game got mixed up. The scores sometimes get written down backwards and then email me at ufa@mindspring.com or text to 801-541-0824.
